Overview

This program offers a comprehensive and global view of governance, strategy, risk and finance as they relate to directors. Designed especially for senior executives and directors working across regulatory, cultural and social borders, this program offers a unique professional development opportunity.

Armed with the knowledge and currency to fulfil your professional duties and responsibilities, you will be better prepared to navigate complex governance challenges, boost company performance and make a lasting contribution to both your board and organisation.

What will you learn?

Day 1 – Governance for International Directors

The Role of the International Director and the International Board

An exploration of the role of the board, directors, chairmen and management in organisations operating across international borders.

Introduction to Board Meetings and International Governance

Discover the composition and structure of effective boards and meeting procedures, taking account of cultural influences that impact board dynamics and how a board exercises its governance responsibilities.

Day 2 – Strategy and Risk for International Directors

Introduction to the Strategic Role of the International Director

An overview of basic strategic planning frameworks and the director's role in formulating and overseeing strategy.

Risk: Issues for International Directors

An introduction to the director's role and the board's responsibility in risk oversight and monitoring.

Day 3 – Finance for International Directors

Introduction to Financial Information for International Directors

A straightforward introduction to financial statements from the director's perspective including the three key financial statements – balance sheet, income (profit and loss) and cash flow.

Assessing Financial Performance for International Directors

A guide to the financial performance of a company from the director's perspective.

Who should attend?

This program is suitable for both those looking for a comprehensive introduction to the key areas of international directorship as well as those seeking to refresh their existing governance knowledge.

More specifically, the program has been designed for:

- Senior executives of multi-national organisations who report to a board
- Executive and non-executive directors of multi-national organisations
- International business owners
- Those preparing to enrol in the *International Company Directors Course*

How will you benefit?

Upon completion of the program you will:

- Understand the role and responsibilities of a director in an international context
- Work more effectively with your board to drive positive performance outcomes
- Identify and mitigate the risks faced by international directors and multi-national companies
- Enrich the contribution you make to your board and organisation

- Demonstrate currency on contemporary international corporate governance practice
- Immediately apply your learnings to real-world situations

How is the program delivered?

This program has been structured to provide optimum flexibility for busy executives and directors.

While it is recommended that participants attend all three days to gain maximum benefit, you may choose to only enrol in the days that best meet your current development needs.

What makes this learning experience unique is the way facilitators draw upon real-world case studies and the experiences of participants to contextualise content and promote robust discussion and debate.

Our courses

Our world-leading director development programs are engaging, contemporary and applicable to your role. Designed by expert educators with the input of experienced directors and subject matter experts and facilitated by practising directors, they provide you with the credible skills and practical knowledge needed to excel. You will take away key insights, valuable tools, and frameworks to help you and your board.

In-House

This program can also be delivered to whole boards or senior executive teams in the convenience and privacy of your own premises.
